# Intel® ESAA/BGM Design Win Snapshot

## Validated Server Solutions Backed by Industry Leaders

Validated server solutions backed by the Intel® Enabled Server Acceleration Alliance (Intel® ESAA) deliver the highest standards for quality and interoperability. Through this collaborative alliance, Intel Corporation has teamed with other industry leaders to provide server solutions that meet a range of business needs.

---

**Business Challenge:** Installation of a failover cluster computing system that would ensure non-stop functioning of Senukai Superstore's information systems.

---

**Business Solution:** Local accounting and financial software application Balansas\* 2005 was transferred from a single server system to the versatile BGM\* Elitas\* SR1010 Microsoft\* Windows\* Server 2003 Failover Cluster. This system is based on the Intel® Xeon® MP processor-based Server System SR4850HW4 and the high-performance storage area network (SAN) system EMC\* CLARiiON\* CX300 with EMC\* PowerPath\* 4.4.1 multipath failover software. The new system offers 24x7 availability.
